

You're On The List!

Thank You!

Could you kindly spare a moment to follow these simple steps? This will ensure that our emails always land in your inbox:

1. If the email you're about to receive is found in any other folder (such as 'Promotion', 'Social', or 'Spam'), please drag it into your 'Primary Inbox'.
2. Star the email. This signals to your email provider that you wish to receive communications from us.

And that's all there is to it!

That's all for today. Once again, thank you for your time and attention.

Talk soon!
